## Director Report

### DISNEY

I spoke with my rep and things have not changed much. They are still in business and working hard with vendors to negotiate the refunds so they can in turn process refunds for us. It is going slow. He suggested that if parents would feel better contacting the company to get a better understanding of the circumstances, they can contact our Program Director:

### NEWSLETTER

I sent a very long email to everyone this morning, as most of my classes almost correct ( 38 students were in the wrong classes two weeks ago). I will be working on a mailing list for freshman students this coming week so FOCB can send out a welcome email.

### HONOR GROUPS

WIBC and OMEA are planning virtual opportunities for directors. Auditions for the OMEA All-State honor groups will still be occurring, and students will at a minimum receive recognition for making an ensemble if they are selected.

### INSTRUMENT DISTRIBUTION

I have the go ahead to distribute instruments to students that still need this week. Jacob Brown (student teacher) will be assisting me. I will be sending an email to students that have requested an instrument Tuesday morning.

### SBF BAND ACCOUNT

I am hoping to have a short meeting with Jordan (CHS Bookkeeper) to double check the accuracy of this account sometime soon. This will help me know exactly what I have to work with as we go forward.

### MASTER CLASSES

I will be trying to keep students apprised of upcoming masterclass opportunities. I also will be working with local folks to create some opportunities for our students and/or combine with other PPS programs.
